REPORT AND RECOMMENDATION OF THE UNITED STATES MAGISTRATE JUDGE

TO: THE HONORABLE SAM SPARKS UNITED STATES DISTRICT JUDGE

The Magistrate Court submits this Report and Recommendation to the District Court pursuant to 28 U.S.C. § 636(b)(3). This case has been referred, by order of the District Court, to the United States Magistrate Judge for the taking of a felony guilty plea and the Federal Rule of Criminal Procedure Rule 11 Allocution. All Parties executed a waiver of the right to plead guilty before a U.S. District Judge as well as a consent to proceed before a United States Magistrate Judge.

On December 3, 2004, the defendant and counsel appeared before the Magistrate Judge, who addressed the defendant personally in open court and informed the defendant of the admonishments under Rule 11 of the Federal Rules of Criminal Procedure and determined that the defendant was competent to plead guilty and fully understood said admonishments.

The defendant pled guilty, under Federal Rule of Criminal Procedure 11(c)(1)(C) and pursuant to a plea agreement, to Count Two of a two-count superseding indictment, alleging a violation of 18 U.S.C. § 2422(b) (attempted enticement of child). The Court explained to the defendant that he would be subject to sentencing pursuant to the Sentencing Guidelines promulgated by the United States Sentencing Commission. The Court also explained that parole had been abolished. The Court explained the range of punishment with regard to imprisonment, fines,

restitution, supervised release, and the statutory fee assessment pursuant to the Victim of Crime Act.

The Court also advised the defendant of all of his constitutional and statutory rights, including the right to proceed to trial, that at trial he would be presumed to be innocent, and that at trial he could remain silent without an inference of guilt. The defendant indicated that he understood all of his rights, understood the range of punishment applicable to the charge, and desired to plead guilty.

The Magistrate Judge finds the following:

- 1) The defendant, with the advice of his attorney, has consented orally and in writing to enter a guilty plea before the Magistrate Judge, subject to final approval and sentencing by the District Judge;
- 2) The defendant was competent to enter the plea of guilty, and had both a factual and rational understanding of the proceedings against him.
- 3) The defendant does not suffer from any physical or mental impairment that would affect his ability to fully understand the charges against his or the consequences of his plea.
- 4) The defendant has not had any injury that would affect his judgment in pleading guilty or that would affect his understanding of the basis, consequences, or effect of his plea;
 - 5) The defendant was sane and mentally competent to stand trial for these proceedings;
- 6) The defendant was mentally competent to assist his attorney in the preparation and conduct of his defense;
- 7) The defendant fully understands the nature of the charges and penalties, and had the opportunity to discuss the charges and any defenses to those charges with his attorney;

- 8) The defendant understands that he has a right to a jury trial on the charges, at which he would be presumed to be innocent and would not have to establish his innocence, and he understands all of his constitutional and statutory rights related to the charge and wishes to waive those rights;
- 9) The government, without an objection from the defendant, gave a summary of the evidence against the defendant;
- 10) The defendant understood that his sentence in this case would be based upon the Guidelines promulgated by the United States Sentencing Commission;
- The defendant understood that he was waiving his right to appeal, with the exception that he retained the right to appeal the sentence if the District Court departed upward from the guidelines, or if he was claiming prosecutorial misconduct or ineffective assistance of counsel;
- 12) Regarding potential sentencing enhancements under the Sentencing Guidelines, the parties have no agreements. The defendant does not waive any arguments he may have under *Blakely v. Washington* concerning how any disputed facts on these questions are resolved;
 - 13) The defendant is satisfied with his attorney's representation;
 - 14) There is an adequate factual basis for this plea; and
 - 15) The defendant's plea was made freely, voluntarily and intelligently.

RECOMMENDATION

The Magistrate Court RECOMMENDS that the District Court accept the plea of guilty and, after reviewing the presentence investigation report, enter final judgment of guilt against the defendant.
